

How Do We Enter The Presence Of The King?

Background

This is the second “wide audience” word that I received at the 2012 In:Courage Revival Camp. The previous evening the young people had come into the service with words for folk and then prayed for those who responded. Many were blessed.

How do we enter the presence of the King?

How do we enter the presence of the King? - We take the hand of a child and let them lead us because they haven't yet learned to be afraid. No one has yet taught them that coming to Christ needs respect and piety. They don't know the meaning of liturgy, sanctity or religious commitment. They just see someone who totally loves them ... And come.
